

We offer the following services to communities we serve:

❖ Skilled Nursing Care (SN)

Our skilled nursing staff is licensed, experienced and knowledgeable in disease and wound management. Our goal is to manage patients effectively in the comfort of their own home to minimize re-hospitalization and decrease costs.

- ❖ Physical Therapy (PT)
- ❖ Occupational Therapy (OT)
- ❖ Speech Therapy (ST)
- ❖ Medical Social Worker (MSW)
- ❖ Home Health Aide (HHA)

The following conditions may necessitate Home Healthcare:

Recent Hospitalization • Lung Disease (COPD, Bronchitis, Pneumonia) • Heart Failure (CHF) • Diabetes • Falls (Gait and Balance Problems) • Debilitating Pain Affecting Mobility Safety • Surgery Aftercare • Stroke & Paralysis • Poly Pharmacy (Medication Management) • Wounds that Will Not Heal • Palliative Care

For more information regarding the benefits of quality care from Crescent, consult your physician or contact us.

“Quality care in the comfort of our patient’s home.”

What is Home Healthcare?

Home Healthcare is a wide range of services that can be given in your home for an illness or injury. It is usually less expensive, more convenient and just as effective as care from a hospital or skilled nursing facility (SNF).

Who is Homebound?

You are considered homebound when you are confined to your home due to illness or injury. You need not be bedridden, but leaving your residence must require considerable taxing effort and an assistive device such as a walker, cane or wheelchair, or assistance from another person.

About Crescent Home Health Agency, LLC

We are dedicated to improving the knowledge, health and independence of our patients by providing comprehensive home healthcare services through our skilled professional staff while utilizing the latest technologies in the nurturing environment of our patients’ homes.

Who Needs Crescent Home Healthcare?

An individual who:

- ❖ Is weak and unable to effectively perform activities of daily living due to a change in health status.
- ❖ Is debilitated due to illness, surgery or injury and is unable to leave home without assistance or use of an assistive device.
- ❖ Is newly diagnosed with a disease that you do not know how to manage at home.
- ❖ Has a wound that just will not heal.
- ❖ Is in need of new in-home infusion services such as antibiotics, steroids or IVIG.

Who is Eligible?

Doctor’s orders are needed to start care. Once your doctor refers you for home health services, Crescent will schedule an appointment and come to your home to assess and determine needs. Home healthcare services are covered by Medicare, Medicaid, private insurance, worker’s compensation and private payment.

Our Commitment

We are dedicated to the success of our clients and employees. We are committed to the delivery of quality healthcare services.

Crescent provides optimal care to meet all patient and caregivers' needs by:

- ❖ Hiring experienced skilled staff.
- ❖ Ensuring our caregivers receive extensive orientation to all of our standards of care.
- ❖ Providing continuing education to all of our clinical staff.

“Respect and compassion are the basis of our service.”
